PEACE RESEARCH

Interdisciplinary

Conflict Resolution Vs. Conflict Transformation

Conflict

- Familiar term → multiple understandings
- Lowest common denominator
 - Processes
 - Individuals / groups / parties
 - Incompatible goals
- Negative charged → violent dynamics
- It is everywhere → human societies

Analyzing conflicts

- Elements
 - Contradictory goals
 - Attitudes
 - Behaviours
- Analyzing conflicts → dynamics
 - Competition → winner – loser
 - Getting own goals at the expense of others
 - Cooperation → winner – winner
 - Getting own goals not exclude other parties to get their ones

Conflict

Behaviours

Observable behaviour

Underlying interests

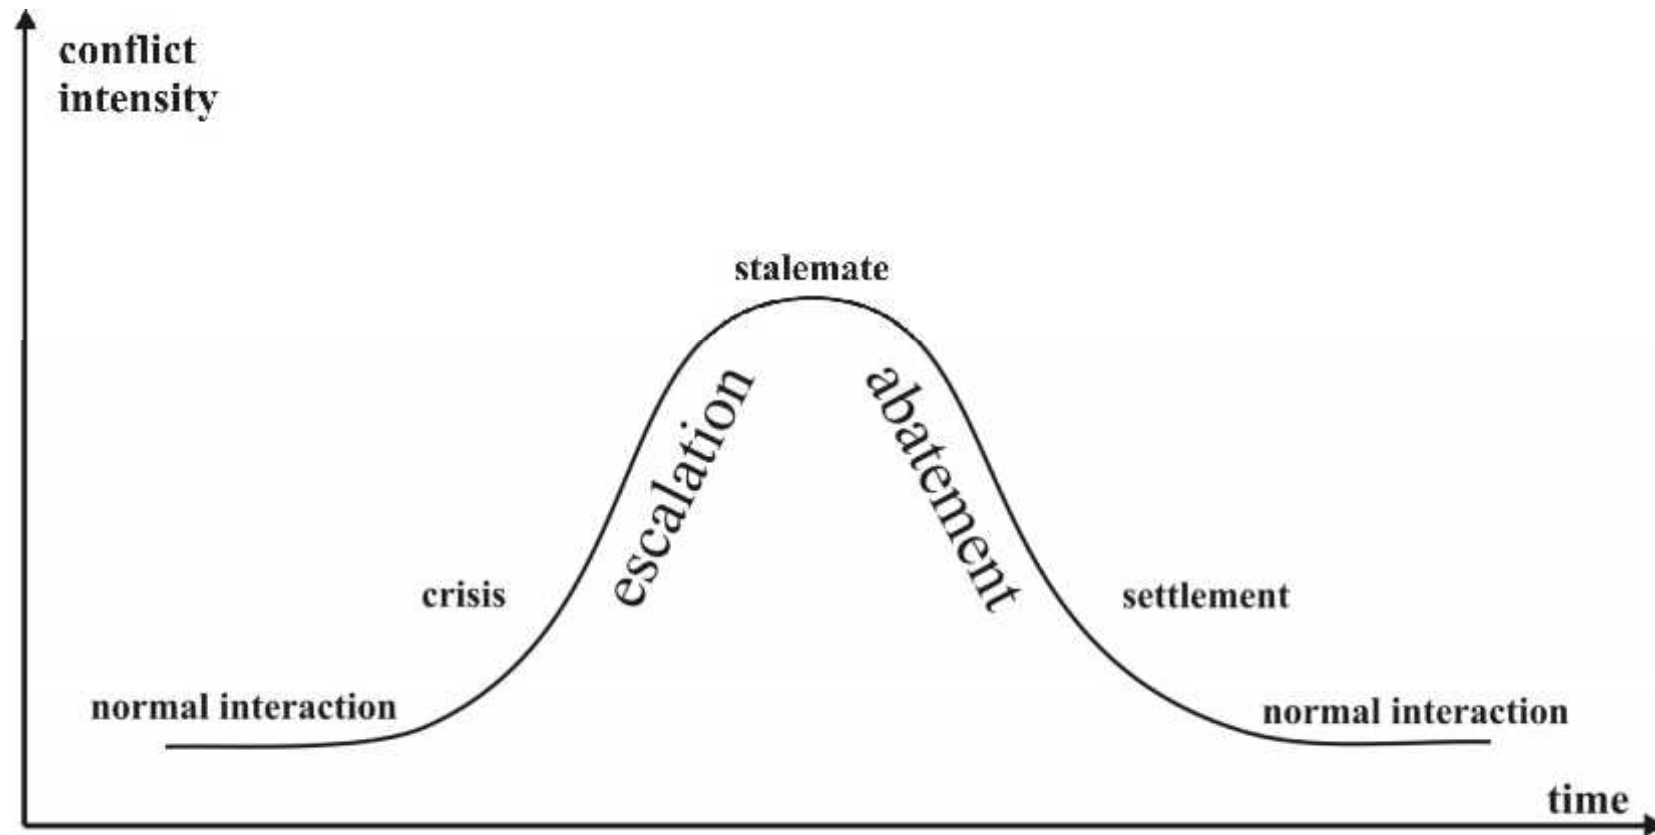

Attitudes

Contradictions

(Galtung 1969)

Conflict Stages

Adapted after Alker et al. (2001) and Brahm (2003)

Analyzing conflicts

- Fundamental → how we manage conflicts
 - Using violence
 - Without violence
- Conflict → potential positive effects → problem solving
 - Facilitates changes
 - improve institutional frameworks and decision making processes
 - Fosters creativity in societies
 - Strengthens social cohesion

Violence

- Multiple interpretations → according to different conceptions
 - How we understand human beings
 - How we understand human societies
- Origins
 - Biological or genetic positions
 - natural aggressive instincts
 - Socio-cultural positions → teaching learning process
 - Aggressiveness → human predisposition shaped by culture

Violence

“The use or threat of use of force or power, open or hidden, in order to obtain from one or more individuals something that is not freely consented, or to make them some kind of evil (physical, mental or moral)”

(Fisas 1998)

Violence

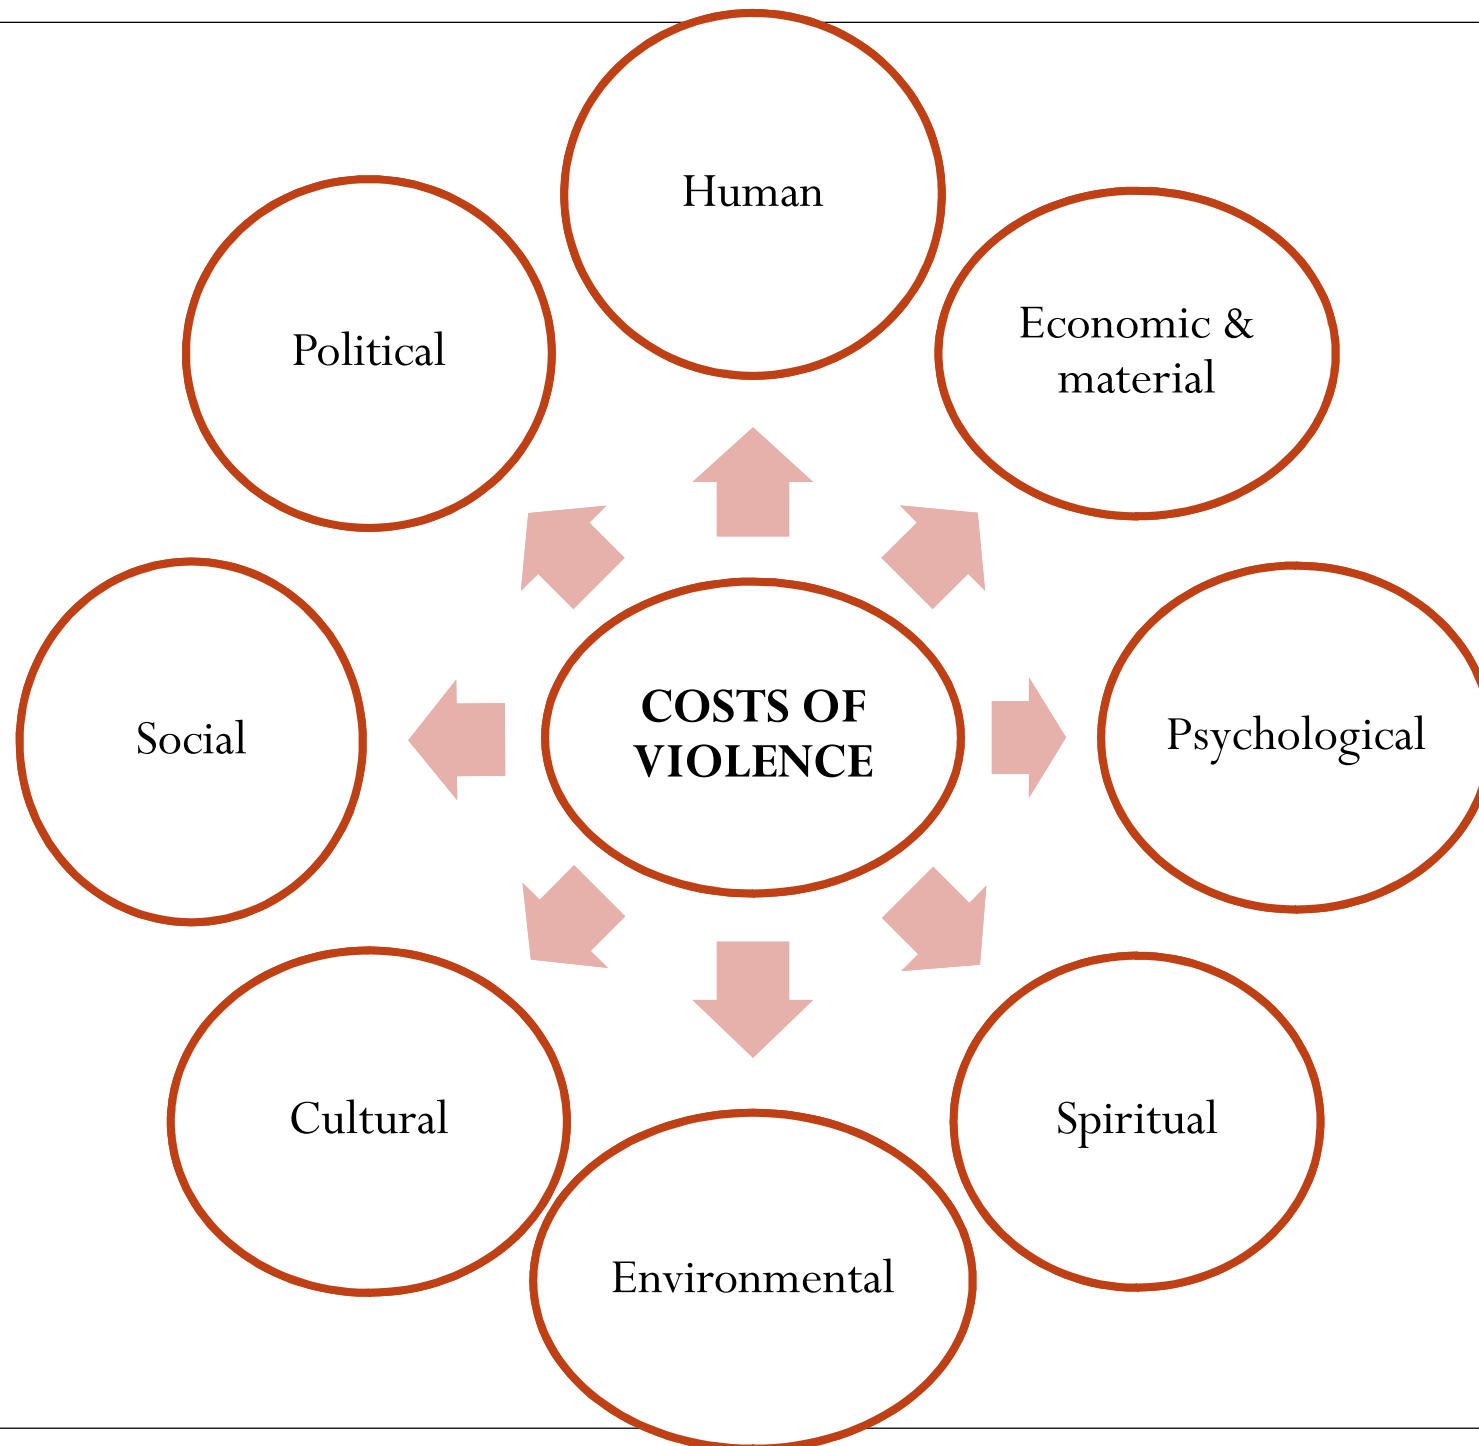

- Tool
- Used to achieve a goal
- Real or potential act
- Impose the will of some over others

Types of Violence

Types of Violence

- Direct violence
 - Actors generate violence to produce consequences
 - Manifestation → visible aggressions → war, punch
- Structural violence
 - There is no clear actor → structures → political / economic / social
 - Manifestation → inequality, power asymmetry, unbalanced opportunities
- Cultural violence
 - Justifies / legitimises → structural violence and direct violence
 - Manifestation → racism, militarism

CONFLICTS IN THE INTERNATIONAL ARENA

- Violence & War in the international arena
 - War → Ultimate expression of direct violence
 - Mechanism for conflict resolution
 - Accompanied by → militarism + culture of arming

War & violence in the world

- Armed conflicts in 2014
 - Number → 40
 - Wars → 11
 - Locations → 27
 - People killed → 104.000
- What does it mean? → short / long term

Most deadly conflicts in 2014

Conflict Resolution in the international arena

- War as a conflict resolution tool → is it legal?

Conflict Resolution in the international arena

- League of Nations (1919) → to promote international co-operation and to achieve international peace and security
 - Not to resort to war
 - "respect and preserve ... the territorial integrity and existing political independence of all Members of the League"
 - "Maintenance of peace requires the reduction of national armaments to the lowest point ..."
 - States were required to submit complaints for arbitration or judicial inquiry before going to war
- Briand – Kellogg Pact (1928)
 - General Treaty for Renunciation of War as an Instrument of National Policy → crimes against peace

Conflict Resolution in the international arena

- UN Charter (1945)
 - “All Members **shall refrain** in their international relations **from the threat or use of force** against the territorial integrity or political independence of any state, or in any other manner inconsistent with the Purposes of the United Nations. (UN Charter, Art. 2. par. 4).
 - Exceptions → When is the use of force legal? (UN Charter, Chapter VII)
 - right of individual or collective self-defence if an armed attack occurs
 - UNSC authorizes the use of force to maintain or restore international peace and security

Conflict Resolution in the international arena

- UN Charter (1945)
 - Pacific settlement of disputes (Chapter VI)
 - Negotiation, enquiry, mediation, conciliation, arbitration, judicial settlement, regional agencies, etc.
 - UNSC → measures not involving the use of armed force (Art. 41)
 - Complete or partial interruption of economic relations and of any means of communications, plus the severance of diplomatic relations

UN strategies for conflict management

STRATEGY	PROBLEM	ACTORS	ACTIVITIES	GOAL
Preventive diplomacy	Avoid conflict escalation into violence	Track I Track II Track III	Analysis of conflict Fact finding missions Early warning networks Preventive deployment	Nonviolent prevention of conflict escalation
Peacekeeping	Violent behaviour	Military forces Police forces	Monitoring missions Interposition Keeping a presence	Prevent further violence
Peacemaking	Perceived incompatibility of interests	Track I Track II	Negotiation Mediation Facilitation Dialogue Meetings	Conflict resolution
Peace-building	Negative attitudes and socio-economic structures that create major inequalities	Track III Track II Track I	Educational programmes Economic aid Democracy support Psycho-social aid	Overcoming the causes of conflict

Conflict Resolution in the international arena

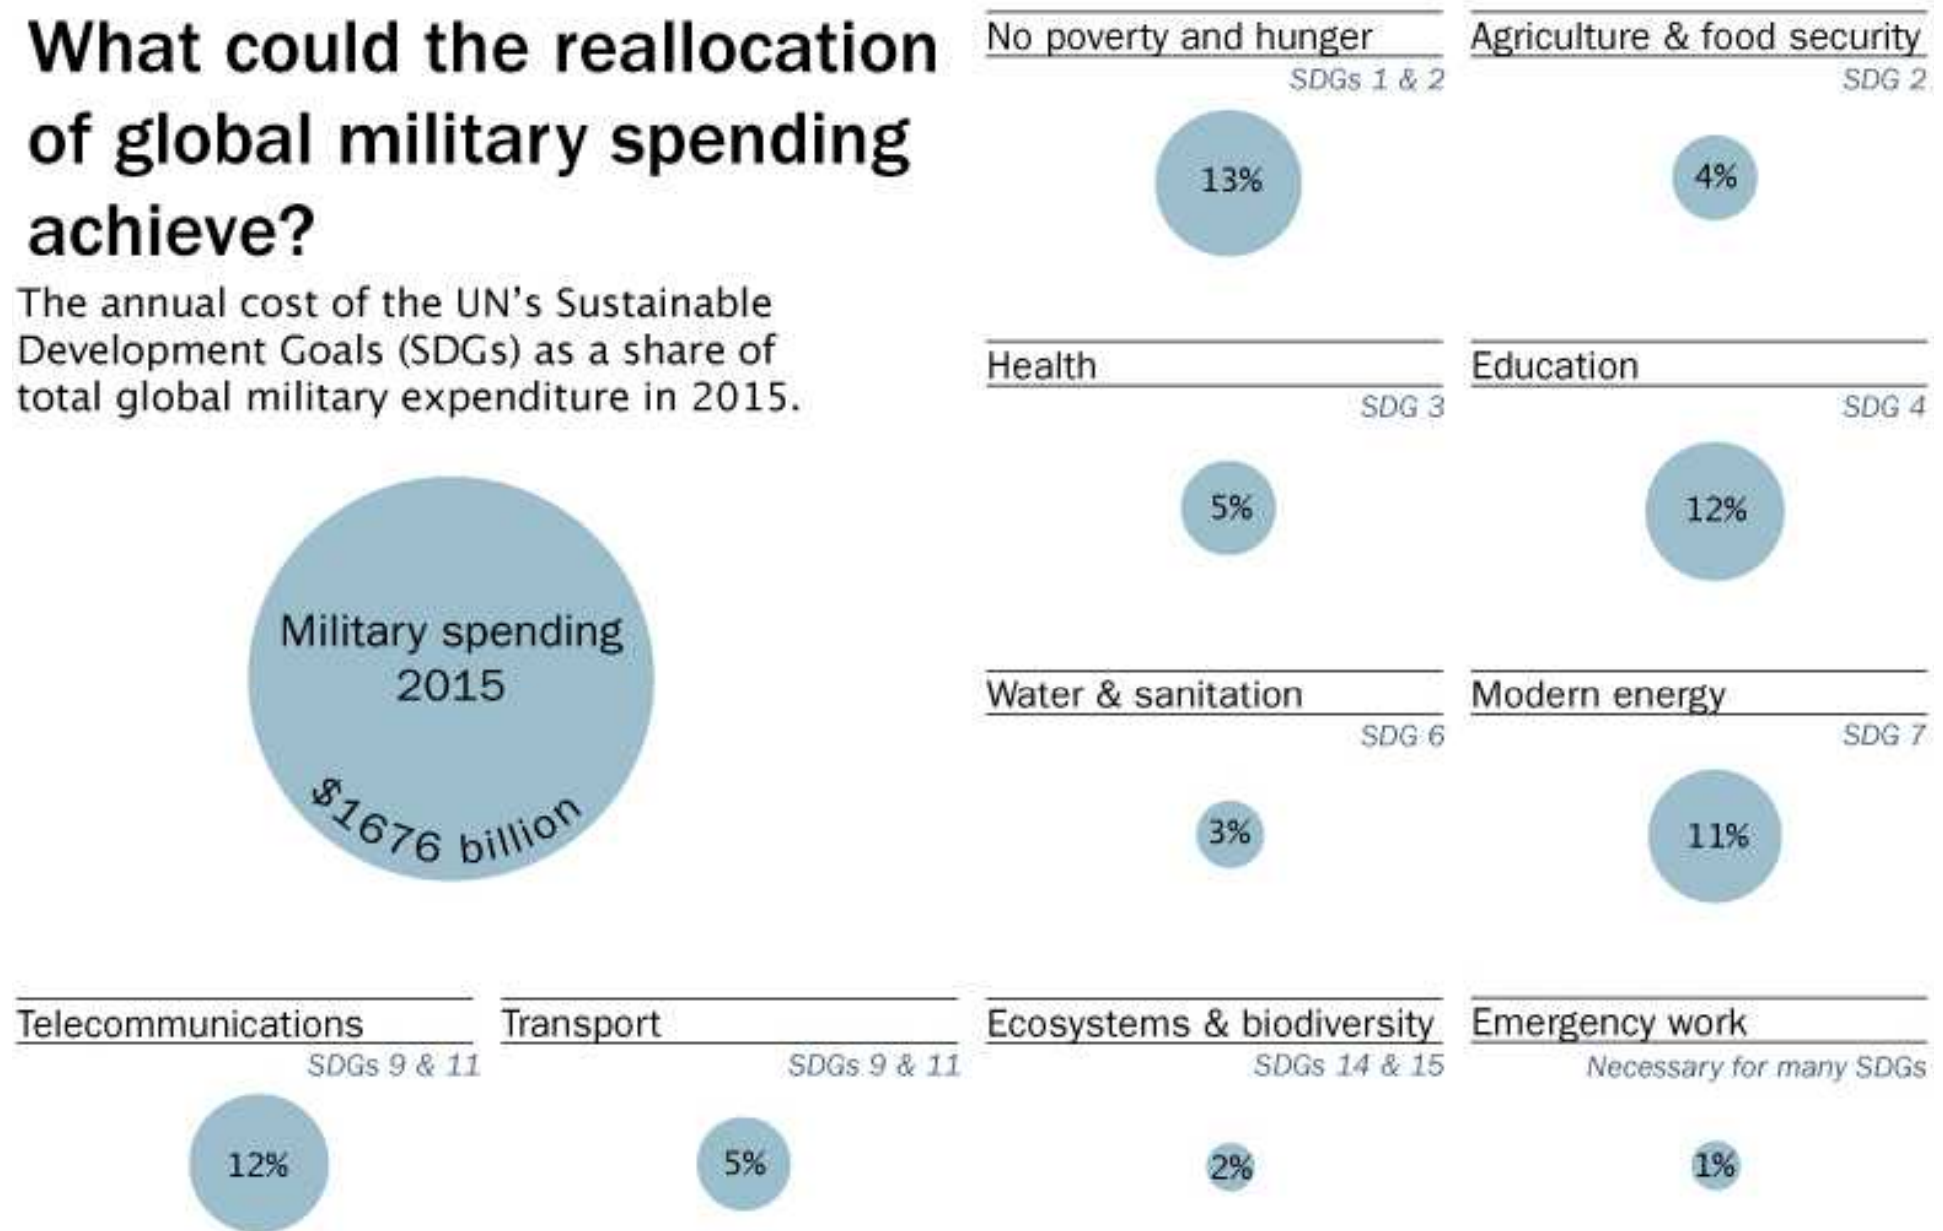

- However, there are still many armed conflicts
- Mechanisms to reduce the effects of wars
 - Disarmament → Suppression or reduction of means to make wars
 - International Humanitarian Law → it regulates the conduct of war (*jus in bello*) → seeks to limit the effects of violence
 - protecting persons who are not participating in hostilities
 - regulating the means and methods of warfare available to combatants

World military expenditure, 1988–2015
